

MULTIPACK Baling presses

MP 500A | 600A | 700/II

MP 500S | 500S/II

The cost-effective and space-saving solution for many types of waste amortises within a very short time. It is easy to operate and effortlessly compacts cardboard, paper, fruit crates, foil, PET bottles or aluminium and tin cans to a minimum.

Little space required

The universal balers perform great in the smallest of spaces.

Versatile use

Popular in hotels, restaurants, shops, trade and commerce.

Simple binding system

The compact bale is tied and simply removed from the machine.

Practical multi-bin and extension system

Sorting and compacting in one. An extension with additional chambers is possible at any time. You can install your in-house recycling centre in the smallest possible space.

Clean solution

With bad device as standard (for MP 500S and MP 500S/II) for residual waste and small parts also ideal for hospitals

Optional can insert

Cans and tin containers up to 60 litres are compacted to a minimum.

MP 500A, MP 500S, MP 600A

MP 500S/II, MP 700/II

- reliable
- space saving
- cost efficient

High performance in a small space

Simple binding system with plastic strap

Hinged side wall enables easy bale removal.

Optional can insert with drip tray for residual liquids

Chequer plate box - No swelling back of the material due to high retention capacity
